DINING & OTHER ACTIVITIES

Our restaurant offers world class cuisine in an array of settings. We serve European and Kenyan classics with a twist. We offer the freshest flavours of locally sourced produce, working with the farmers who provide us with the best the market has to offer and crafted into different cuisines by our chef.

We also have a beautiful and well equipped chinese restaurant where you can catch all the latest

sporting events on mounted big screens . The environment blends well with nature as you enjoy a sundowner cocktail drink at our elevated terrace restaurant above a rocky dam. The outdoor sitting area offers a good atmosphere as you also take advantage of Aberdare range's fresh air.
