

Kimana lodge is set at the foothills of Mount Kilimanjaro near Amboseli National Park approximately 2 kilometers from the Kimana Gate. The lodge is located on the road from Amboseli to Tsavo, 14 km from Kelonyeti Gate, and is a good place for a rest and refreshment during the hard and dusty journey.

The lodge has a long, sheltered verandah overlooking a natural spring frequented by birds and wild animals including nightly visits by a family of leopards to the baiting tree, hyena, buffalo and numerous other game this is an exquisite treat for the guests. www.crocodileracers.com

Accommodation

Kimana Lodge offers cottage style accommodation with comfortable rooms that can accommodate a total of 112 people.

The camp has large gardens that are host to numerous brilliantly colored birds that offer ultimate relaxation and a haven for ornithologists.
