

Sanctuary Farm is a family run dairy & horse stud farm, abundant game situated 95km from Nairobi.

Accommodation

We have converted an old stable yard into 10 double rooms each with their own bathroom and verandah nestled in an acacia forest. Five of the rooms are quite small and the other five much more spacious with extra beds for families.

Dining

'The Club House' cafe offers exciting healthy fresh food in an old restored polo club house overlooking an old polo ground littered with zebra, wildebeest, giraffe & impala and the lake beyond. We have a fully equipped bar
