

Palm House is one of Shela Houses located in Lamu, Kenya designed to offer visitors a completely relaxing holiday in unusually luxurious yet eco-friendly setting.

Palm House is designed around an open courtyard. The living and dining areas look onto the courtyard and another small side garden. It is spacious, yet compact - two doubles and one twin bedroom on the first floor, one double master bedroom on the second floor, all ensuite with private balconies.

Palm House second floor has an open terrace, which leads off to a small covered baraza area in front of the fourth bedroom. This master bedroom has a Lamu four-poster bed and balconies on two sides.

There is a panoramic view from the covered rooftop, with a bar, sun beds and baraza lounging area.
