St. Thomas Royal Palm Mayungu is situated 20 minutes far away from Malindi Airport and at about 110 km from Mombasa International Airport. You will enjoy the last 10 km driving through tropical plants and tiny African houses along a dirt road.

The resort overlooks a breathtaking beach, exactly in front of the famous sand-bank well known as "Sardinia 2" that appears and disappears depending on the tides. You'll be fascinated by the different colour that the Indian Ocean can assume and by the white beach where you can take long relaxing walks and admire the sand-banks during the low tide.
