

Mara River Camp is nestled at the foot of the Oloololo Escarpment and on the northwest boundary of Kenya's famous Maasai Mara National Reserve, on a beautiful forested bend of the majestic Mara River, is one of Kenya's smallest and most charming tented camps. The camp is located right on the Mara River, which makes wildlife interaction an excellent one: at night you can often find hippos coming into the camp area or sun-basking around on the banks. The cuisine is delicious and wholesome, the staff and management are exceptionally friendly and the canvas tents have all the authenticity of being "in the bush" whilst providing all the luxurious facilities for a most comfortable stay.
