

Basecamp Masai Mara provides 12 spacious and luxurious tents, bordering the Masai Mara National reserve, hidden away under thatched roofs on a lush peninsula in the Talek River, with spectacular views of the savannah. You will have your own veranda overlooking the river, and the bathroom ensuite with a hot solar heated shower open to the sky. Enjoy the amazing wildlife from the comfort of your tent, the fig-tree platform, or while lazing over a drink in the open-air bar.
