### **General Info**

Nestled in a private cove among baobab trees lining the beach, lies The Cove Retreat, a treehouse holiday with a difference. The Cove offers 6 uniquely designed luxury Tree Houses on the beach, each with its own whirlpool, and it is a private haven, set on the perimeter of a forest where you can unwind and be captivated by nature's slow pace. Situated 12km south of the bustling, busy beach of Diani, the Cove offers exclusivity, pampered service, and a la carte meals away from your hectic and hurried lifestyles. Here there is no noise pollution. The only sound you will hear is the wishwash of the tide, the distant call of a fish eagle, and the occasional leaf rustle of a Colobus monkey roaming the baobab trees. Set alongside the fishing community and a local village, it prides itself in responsible tourism.

### **Details on the area surrounding the property/accommodation**

Facilities on site include an aromatherapy massage salon. Nearby there is a watersports and deep sea fishing centre. Activities include diving, snorkelling, reef / deep sea fishing, kayaking
