Food and Meals

The kitchen smells tickle your taste, time for a drink at the poolside. Eager to discover the culinary customs of Kenya, we will taste dishes with new flavors and many spices. So we offer you the opportunity to taste typical dishes of the Swahili coast of Kenya and the highlands. Fish and crustaceans, purchased on the beach when the fishermen return, are particularly appreciated. The east coast of Kenya is composed of a multiplicity of cultures, cuisines Chinese, Indian and Oriental are also part of the menus offered by our chef.

For the less adventurous ... we'll find a little something more traditional in our closets!

Meals are served at the breakfast table, place of conviviality and exchange, where everyone has the opportunity to share his impressions and experiences.

Pool

The pool is a focal point of the house. Shaded by a magnificent baobab tree, you can relax at any time of day ... or night! The swimming pool built at the lodge gives it a very special charm.

The pool depth is variable, which allows adults to touch the bottom or for athletes to dive safely.

It is advisable for children to swim, the pool is not fenced. Each parent is responsible for the safety of her children.
