

Waterlovers Beach Resort, Diani is a quaint beach resort on the tropical shores of the Indian Ocean. A mere 35 km from Mombasa, it is located in Diani Beach, on Kenya's South Coast, which is known for its white sands and turquoise warm waters - a perfect setting for a holiday in paradise by the ocean.

The hotel accommodates eight very spacious cottages, a self-contained villa and a swimming pool. Each cottage is outfitted with a private ocean view veranda. All our rooms are ocean front and luxury equipped (air conditioned, king size Swahili bed, double washbasin, stone shower, private veranda, wi-fi internet, etc..). The centrepiece of our beach restaurant is the turtle-shaped infinity pool, where guests are served a bespoke cuisine combining Mediterranean recipes with local ingredients, while they can enjoy the quiet surf of the Indian Ocean just a shell throw away.

WaterLovers cottages are equipped with air condition, fan, mosquito nets, security box, tea and coffee kettle and SIM card to use in your personal mobile phone for international and local calls. Both double and triple rooms are available.

Every cottage has a spacious private veranda overlooking the ocean and the style of the interior design is a blend of Swahili culture and Mediterranean style. The Arab word "Swahili" means "of the shore" and is the traditional language of East Africa. But Swahili is more than a language. It is also the true culture of Africa's Indian Ocean coastline, a trader's culture that blends cultural elements of Africa and Arabia with the East and the West - the result is a truly breathtaking cultural fusion, which can be felt in every nook and cranny of WaterLovers's interior design.

Choose the Bed & Breakfast option and enjoy the freedom of deciding whether you wish to enjoy your lunch or dinner at our Tides restaurant by the sea every day. For cocktails, fruit juices, aperitifs and good music, the perfect place to visit is our Ocean Spirit Beach Bar.

For those who wish to get a **taste of Africa** while enjoying the privacy and comfort of a home, or for those travelling with family or friends and looking for a little extra privacy, we also offer you the possibility to rent our private villa, which comes with a fully equipped kitchen.

The villa offers two spacious double bedrooms on the ground floor, both equipped with air conditioning, fan and their own private bathrooms. On the upper floor gallery, you will find another two king size beds and a third bathroom complete with shower. All beds have mosquito nets and the interior design was inspired by the wonders of the natural elements surrounding the villa combined with European comfort.

There is a cosy and wonderfully comfy dining area with sofas and pillows and a beautifully carved, wooden dining table with enough room for everyone, inviting you to spend relaxing moments of the day.

The stairs leading to the gallery are made of driftwood and local precious woods; the floor of the upper level is made out of African cedar planks. Swahili-style carved beds complete the interior design that was inspired by the spectacular atmosphere only Africa can exude.

The open kitchen is equipped with everything your heart might desire, from fridge to freezer, to a gas oven, from a large counter for enjoying aperitifs to a storage room for keeping your food.

Housekeeping is included in the rent. For the ultimate luxury the assistance of your own personal chef can be provided at request (at the extra cost of 35€ per day) or you can choose to join us in our beach restaurant. Towels and bed sheets are included, a laundry service can also be provided at request.

There is a shopping centre on the other side of the beach road with a large supermarket, bars, ice cafés, restaurants, a pharmacy, a bank and various kinds of other facilities along with a health shop specialised in biological and natural products.
