Papaya Garden Villa offers amenities and is near local attractions so visitors can choose their vacation experience, whether it be relaxing or invigorating. If you are looking for an affordable and relaxing holiday that is not the normal, run of the mill experience, then Papaya Garden is for you.

Our villa compound is a tropical paradise. The entire acre plot is surrounded by a bougainvillea-covered wall. The garden is carefully looked-after and you will find a dazzling display of beautiful, fragrant exotic flowers, bananas, papayas and passion fruits, which visitors are free to sample straight from the trees.

At the center of the compound is a 11 x 7 swimming pool. Unlike chemical pools, our pool is kept clean with a salt-water system so visitors don't suffer from the red eyes and burning typical in pools treated uniquely with chlorine.
