

Waterside Villa House Tiwi Beach is situated in Tiwi on a clifftop right on the Indian Ocean, just 17 km south of Mombasa in Kenya and 3 km off the main Kenya-Tanzania road. Waterside Villa is in a horseshoe shape around a fabulous designer pool. The centre of the horseshoe is the dining area with a massive handmade table seating 12 people. Each wing possesses two of the largest bedrooms which are fully equipped with en-suite bathrooms and mini kitchens with fridges and tea and coffee-making facilities. The horseshoe shape dictates that you look out over the Indian Ocean from all points in the house and it is only a brief stroll through the garden and down to the sea. www.crocodileracers.com
