Accommodation & Room Types

Our accommodation consists of five tree houses and three cottages. The tree houses are built out of native materials off the ground in the tree canopies. They do not have their own bathrooms, but share the well-maintained communal toilet and shower block. www.crocodilerace.com

All the tree houses have a double, twin, or triple beds with mosquito nets and their own private veranda/balcony.

The cottages can accommodate up to four guests and have their own bathrooms, fans and porch area.
