### **Dining & Staff**

The hotel has been established as Nairobi top lunch and dinner avenue with a variety of restaurants to dine from:

#### **Pango Gourmet Brasserie**

Recently launched, Pango is in the distinguished class of being a member of the Chaîne des Rôtisseurs. What makes this Brasserie different to any other eating venue in Nairobi is that it comes complete with its own underground Wine Bar! The Wine Bar is exclusively for diners in Pango.

#### **The Mukutan Garden Café**

The Mukutan Garden Café is without a doubt the best place in Upper Hill (perhaps all of Nairobi) for top-notch coffees and light/quick meals such as gourmet sandwiches, pizzas, Quesadillas and Nairobi's best Sushi. The Café overlooks the most beautiful water feature in East Africa. The cocktails are often very popular after a long day at work! Mukutan: Swahili for meeting place.

## **Pwani Pool Restaurant**

This restaurant, adjoining the Swimming Pool, offers a full range of international cuisine in a casual environment. Its bar is a favourite with residents in the evening.

## **Mitende Atrium**

It is too cold in Nairobi to have breakfast outside, so it's built in a greenhouse that allows one to have breakfast with natural light and plenty of greenery. The atrium is also a great venue for buffet lunches and its a la carte menu in the evenings is mouth watering! In the evenings, the piano player will take your mind off work.
