

Southern Volunteer Adventure Guest House offers room to persons seeking adventure or volunteer work or both. The location is safe, serene and appropriate for international travelers. We organize placement for volunteer work for a duration of between a few days to six months. We also assist those who may need temporary on job training or internships to locate organizations that offer the same.

We are located three kilometers from city center and three minutes drive from Nairobi's greatest tourist destinations such as Nairobi National Park, Giraffe center, Bomas of Kenya for indigenous music and dance extravaganza and also very near two children homes, a school for orphans, a missionary hospital and counseling center.www.crocodileracers.com

Also found next are fine restaurants, a shopping mall with a food court, banking services, ATM machines, internet cafes and cheap public transport.
