

On-time Home stay at Runda Accommodation we have created Sebule. Sebule is a Swahili word that means a room where you receive and host your guests in comfort, pamper them and take care of them when they visit your home. At Sebule, we aim to do just that. Being just 15 minutes away from the city centre, we provide the convenience of this proximity, coupled with the peaceful atmosphere and privacy found in the leafy suburbs of Muthaiga, Nairobi.

Staying in a property owned by a family whether it's in the city or country side provides that unique opportunity to experience this, and be part of everyday life.

We have created an atmosphere that is caring and warm, creating an ideal "home" for perfect holidays with family and loved ones. At Sebule, we give you a home away from home experience, and welcome you into our family, creating memories and experiences to last a lifetime. www.crocodileracers.com
