

Epiya Chapeyu Tented Safari camp lies in the heart of the Tsavo East National Park on the banks of the Galana River at the foot of the Yatta Plateau. Set amongst Doum Palms and acacia trees it is in perfect harmony with the local indigenous African landscape and vegetation. It's situated approximately four hours drive from Nairobi via Mayani gate.

The camp has 15 spacious luxury tents spread across a large riverside area, offering each guest accommodation with optimum privacy. The tents are all fixed on local flagstones bases with typical makuti roofs, modern en-suite bathroom with double sinks, hotwater, shower, flush toilet and all necessary amenities. Each tent has its own veranda with view of the Galana River where a variety of animals come to drink.
