

Watamu Adventist Beach Resort is an ultra modern tourist class hotel located in a beautifully, relaxed, aquatic area of Watamu, Malindi. It fronts a clear blue lagoon beach suitable for recreation and retreats. Long walks, swimming and sunbathing are a few of the activities you could do. You could explore the rock pools at low tide and find lionfish, brightly coloured crabs and see some of our coastal birds such as the whimbrel.

You could, of course, simply laze in the shade and read a novel or two, have a few siestas, dip your toes in the sea, and then after a long hard day like that, come back to your residence for a cup of tea and some home-made cake. The hotel also offers an onsite complementary parking for vehicles.
