

Blue Bay Cove is a small development of 12 luxury holiday homes on an ocean front location in Watamu. Overlooking the Indian Ocean and with direct private access to a white sandy beach cove, these are the homes to rent for a relaxed getaway.

The homes are fully serviced with daily housekeeping, chefs, nannies, laundry services and a 24hour concierge on standby. Just put your feet up, and experience the privacy of your own home with the services of a hotel.

Holiday Homes

We developed a variety of 3 types of homes for you to stay in. They are all about the same size and the main difference is whether you want 2 or 3 bedrooms and whether you want to be in the garden or up in a Penthouse. Whichever house you pick, from each and every home you can enjoy a sundowner drink whilst looking at the beautiful Indian Ocean.
