

Watamu Tree House situated a couple of minutes walk from Watamu Marine Park is a perfect place for any dream vacation seekers. The house is ideally located right opposite the Coral Gardens of the Marine Park. It is a unique 3 bedroom property set over three towers above the tree canopy and is designed using natural wood and Kitengela Glass throughout. Each tower houses a different bedroom.

A star bed is set on top of one of the towers, complete with mosquito net where one can relax and unwind while having beautiful views of the scenery or reading a book. It also gives a romantic night out where honeymooners or couples can have an experience of a life time.

Accommodation :

Watamu Tree House is three double bedrooms, all en-suite, built high in its unique architecture high in the trees . The house is designed to sleep 8 people, but can comfortably accommodate 10 or even 12. The extra beds and sleeping areas are set on the rooftop under the stars and the beach-deck down on the shore.www.crocodileracers.com

The kitchen is equipped with a cooker, oven, fridge, deep-freeze, plus a good range of utensils and cookware.
