

Marijani Holiday Resort is a small, private family hotel. It is situated in Watamu Village, very close to the beautiful Watamu Beach and not far from shopping possibilities in Watamu.

For groups up to 6 people there is a separate family house which can be rented

with 2 or 3 bedrooms. Breakfast for our bed and breakfast guests is served at

the "open air" breakfast veranda upstairs or at your private veranda.

On special request dinner can be provided. www.crocodileracers.com

Some of the comfortable doublerooms have their own kitchens with utensils, so you can choose between bed and breakfast or your own kitchen instead. In every case all the guestrooms have their own fridges and bathrooms that you don't have to share with other guests.

There are ceiling fans, hot- and coldwater, mosquito nets and huge four poster beds in all rooms. Watamu Beach is not only recommended during the day as for swimming, sunbathing or having a walk at the reef during low tide.
